

One-Year Limited Warranty

Wood is a natural and distinctive material; highlighted by the beautiful transparent and translucent finishes for which Canac cabinetry is known. The characteristics that give wood its natural beauty are affected by the subtle changes in the environment surrounding each tree. Within and between trees these natural variations result in distinctions in grain pattern, grain color, and the unique markings of minerals and sapwood. As a natural material, over time wood continues to change. The components of each Canac cabinet come from nature and these beautiful natural variations are accepted as part of the character and beauty of wood.
